

## Way of Life

'In our life as a community, we seek to recognise Jesus as Lord, therefore...

**We will seek to live lives that grow in worship and prayer...** seeking to encounter God in his Word, in each other, in prayer and in his creation

**We will seek to live life simply...** recognising that our time, talents, money and possessions are to be increasingly surrendered to God and his Kingdom

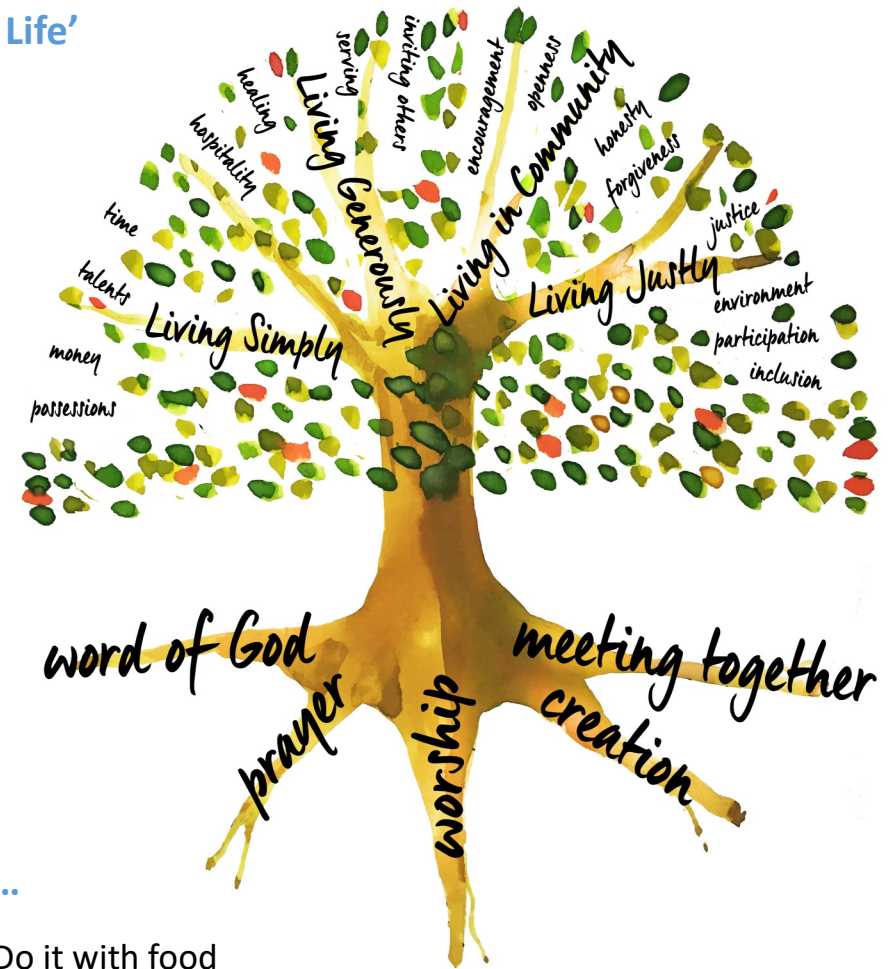

**We will seek to live accountably...** being open and honest, forgiving one another and encouraging one another to grow as disciples of Jesus

**We will seek to live amongst others...** building relationship with those we live and work amongst, practising hospitality and healing and inviting others to explore the full life found in Jesus

**We will seek justice for all creation...** living lives that promote justice for others and the environment they live in, and being open to tackling issues of injustice

...Trusting in the help of God's Holy Spirit.'

## Our 'Tree of Life'

## Our Values...

**Hospitality...** Do it with food

**Participation...** Everyone gets to play

**Incarnation...** Go where people are with what we have

**Discipleship...** Fellow travellers learning together

**Community...** An inclusive family of God
